Category profile
<p>The concept of UBS Asian Bonds 2020 Fund is straightforward: clients do not just invest in a single bond, but in a number of carefully selected bonds. And, last but not least, it has a fixed maturity. The fund concept in brief:</p> <ol style="list-style-type: none"> 1. Investors invest a certain amount in the fund. Our portfolio management team purchases various bonds for the fund. The investment period is determined beforehand. 2. During this period, investors will receive regular interest income, provided they select the distributing option. 3. The redemption is carried out upon maturity. <p>Therefore, UBS Asian Bonds 2020 is like a single bond - but diversified.</p>
